# New benefit for BES members

## Kiroku

**New partnership with Kiroku, the digital note taking platform**  
***BES members now enjoy discounted access to Kiroku***

The British Endodontic Society (BES) is delighted to announce its new partnership with Kiroku!

The BES is committed to supporting its membership with a wide range of benefits that are constantly being updated. As such, the BES is expanding its membership benefits to include access to Kiroku, the digital note-taking platform that uses AI to help clinicians write their dental notes 60% faster than before using the platform and create a wide range of documents with just a few clicks.

Members of the BES can now enjoy:

- 10% off Kiroku Essential for 12 months
- 30% off Kiroku Pro for 12 months
- Kiroku templates designed by the BES team

**Risha Patel, BES Honorary Communications Officer, comments:**

"It has been a pleasure to lead this exciting commercial partnership as a society with Kiroku. Alongside a diverse working group of clinicians, we have strived to make the record keeping templates created representative of all of our membership. We hope it makes high-quality documentation intuitive, efficient, and integrated into workflows. The subscription discounts and additional Kiroku features will allow our membership to further embrace the use of AI in their practice."

**Irene Reguilon, Marketing Manager at Kiroku, commented:**

"It's been a pleasure partnering with the British Endodontic Society to create intuitive templates that help clinicians produce notes that are compliant and follow best practice. This collaboration is about supporting the endodontic community, and we're excited to additionally offer BES members discounted access to Kiroku as part of that commitment."

## Awards and Prizes

**Deadlines for BES awards and prizes are approaching!**

Previous winners of the [Aspiring Endodontic Researcher Award](#) and [Harty Student Essay Prize](#) describe their experiences and offer advice, ahead of the entry deadline on 1st February 2026.

**Aspiring Endodontic Researcher Award**  
**Dr William Holme**

"If I had to give advice to anybody in the BES, no matter what stage of your career you're at, it's this: if you don't apply, you don't have a chance. It's a great confidence boost if you win one, and even if you don't win, applying is still valuable and should encourage you to keep applying year on year – it's definitely something I'll be keeping an eye on."

## Harty Student Essay Prize

*Dr Michael Brown*

"I was encouraged by Professor Will McLean, who later became the BES President, to enter for the Harty Student Essay Prize. I have always had an interest in endodontontology, and was eager to take things further. Will pointed me in the right direction, and I wrote an essay on the topic of resorption. This was a fantastic opportunity to learn a lot about a more complicated condition."

### Awards and Prizes

Don't miss us at

**BDIA DENTAL SHOWCASE**

Raising the standards of oral care

13 - 14 March, 2026 • ExCeL London

## Join us at BDIA Dental Showcase
