## Reflecting on our Spring Scientific Meeting

*Thanks to all who made it a success*

What a weekend we had at the Spring Scientific Meeting!

This year holding our annual academic meeting at the fantastic Royal College of Physicians in London.

some new faces to the BES. We received excellent feedback for our two speakers – Professor Elisabetta Cotti and Dr Neha Patel – who provided thought provoking insights into current evidence, a host of talented prize winners, and food, drinks and laughs flowing all the way through to the ECG Networking Drinks.

Thanks to everyone who made it a success! [Visit our website](#) to find out about upcoming events.

BES Events

## Join us at the British Dental Conference & Dentistry Show

*Visit the team on stand P12*

Dr Philip Mitchell, Dr Marian Vallina, and Dr Risha Patel will be representing the BES at this year's British Dental Conference & Dentistry Show, in Birmingham on 15-16 May, each presenting a session in the Clinical Excellence Theatre.

***Dr Philip Mitchell describes what attendees can expect when they visit his session “Failure in endodontics”:***

“In my session, I intend to outline the different definitions of failure, and what causes them. I decided on this topic because failure is an invaluable learning tool that is often ignored in the era of social media. Analysis of failure enables us to challenge our innate confirmation/congruence bias. I would encourage people to come and listen, because they might see something a bit different!”

Don't miss out, [register for the British Dental Conference & Dentistry Show](#) today.

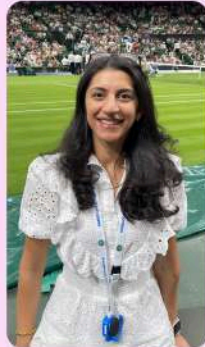

**EARLY  
CAREER  
GROUP**

## Meet The Committee

Andre Bryan

Serena Bhagi

Farnam Pourezza Jorshari

Khaleel Jiwa

Robert Devine
